

## 1.0 PERTREATMENT

### 1.1 Wetting Cum Scouring Agents

PRODUCT	IONIC NATURE	DESCRIPTION
Geo Scour LF	Nonionic	Concentrated Low Foaming Wetting cum Scouring Agent
Geo KWL	Noioinic	Excellent Low Foaming Wetting cum Scouring Agent
Geo NNS	Nonionic	Cost Effective Scouring Agent

### 1.2 De-mineralising & Sequestering Agents

Geo HMS	Anionic	Effective Demineralising cum Sequestering Agent
Geo BA	Anionic	Effective Sequestering Agent

### 1.3 Peroxide Stabilisers

Geo PS Ultra	Anionic	High Performance Peroxide Stabilizer
Geo MULTI	Anionic	Peroxide Stabilizer cum Sequestering Agent

### 1.4 Lubricating Agents

Geo Lube PDR	Nonionic	Concentrated Anti Creasing Agent in Powder Form
Geo LUBE	Nonionic	Effective Anti-Creasing Agent
Geo ACA	Anionic	Phosphate Ester based Anti-Creasing Agent

### 1.5 Core Alkali Neutralizer & Acid Buffer

Geo AAA	Anionic	Eco-friendly & Cost-Effective alternative to Acetic acid
Geo CAN	Anionic	High Performance Core Alkali Neutralizer
Geo AC	Anionic	Multifunctional Agent to Optimize Washing after Alkaline treatment

**GREEN GLOBE  
GROUP**

**INDIA | U.S.A | VIETNAM | Germany |**

### 1.6 Peroxide Quencher

Geo QHP	Not Applicable	Enzymatic Peroxide Killer with Complete Peroxide Removal
---------	----------------	--

### 1.7 Cellulase Enzymes

Geo BPN	Not Applicable	Neutral Cellulase Enzyme for Bio-polishing Effective at Wider Temperature Range
---------	----------------	---

Geo BPA	Not Applicable	Acid Cellulase Enzyme with Higher Aggression
---------	----------------	--

### 1.8 Desizing Enzyme (For Towel only)

Geo DHT Removal	Not Applicable	High Temperature Stable Desizing Enzyme with Complete Size
-----------------	----------------	--

Geo LTH	Not Applicable	Desizing Enzyme with Wide Range of Application Temperature
---------	----------------	--

Geo Desizer CH	Nonionic	Synthetic Desizing Agent
----------------	----------	--------------------------

PRODUCT	INONIC NATURE	DESCRIPTION
---------	---------------	-------------

Geo AHT	Not Applicable	Excellent Desizing Enzyme for High Temperature Application at Low Dosage
---------	----------------	--

## 2.0 DYEING

### 2.1 Dye Levelling Agents

Geo DLR Plus	Anionic	Excellent Levelling Agent for Reactive Dyeing
Geo LDA and	Anionic	Versatile Levelling Agent, Dye Bath Conditioner with Dispersing Protective Colloid Properties
Geo DST	Anionic	Specialty Product for Trouble free Dyeing of Critical Shades like Turquoise
Geo CFP Eco	Nonionic	Economical dispersing cum Levelling agent for disperse dyes
Geo CFP	Nonionic	Excellent dispersing cum levelling agent for disperse dyes
Geo CFP Plus	Nonionic	Concentrated dispersing cum levelling agent for disperse dyes
Geo 1642	Nonionic	High performance levelling agent for micro polyester
Geo SET 50	Amphoteric	State of art levelling agent for dyeing of nylon and wool

### 2.2 Alkali Donor

Geo Soda	Anionic	Alkali Donor in Powder Form
Geo SAR Liquid	Anionic	Liquid Alkali Donor

GREEN GLOBE GROUP

**GREEN GLOBE  
GROUP**

INDIA | U.S.A | VIETNAM | Germany |

## 2.3 Washing Off Agents

Geo ESS Ultra	Anionic	Universal Washing off Agent with Better Fastness Properties
Geo PNS Liquid	Anionic	Concentrated Washing off Agent with Superior Fastness
Geo PCS Properties	Anionic	Superb Washing off Agent with Dispersing & Anti Tinting
Geo AWA Utility	Anionic	Washing off Agent with Acidic pH to Save Water, Process Time &
Geo SW	Anionic	Economic Washing off agent with chelating properties

## 2.4 Dye Fixative Agents

Geo DTF Plus	Cationic	New Technology Formaldehyde Free Dye Fixing Agent
Geo PMD	Cationic	High Performance Dye Fixer
Geo FFC Plus	Cationic	Concentrated Dye Fixer with Excellent Fastness Properties
Geo Fix Plus N	Cationic	Cost Effective Dye Fixer
Geo DFL Conc.	Cationic	Dye Fixer with Superior Fastness Properties

PRODUCT	INONIC NATURE	DESCRIPTION
Geo Fix Super Conc.	Cationic	Highly concentrated, advanced technology fixing agent

**GREEN GLOBE  
GROUP**

**INDIA | U.S.A | VIETNAM | Germany |**

## 3.0 FINISHING

### 3.1 Handle Improvers

Geo RTS Flakes	Cationic	Cold Water-Soluble Softener with Good Surface Feel
Geo HTS Flakes	Cationic	Hot Water Soluble Flakes
Geo CEQ plus	Cationic	Concentrated softner with Superb Hand Feel
Geo PFT Liquid	Cationic	High Performance Blended Softener with Excellent Surface
Geo CSP Liquid	Cationic	Cationic Softener for Better Hand Feel
Geo KCP liquid	Cationic	Cationic Softener for Excellent Surface Feel
Geo SFW Liquid	Amphoteric	Non-Yellowing Softener with Smooth Surface Feel for Whites
Geo KCP Ultra	Cationic	Versatile Softener with Luxurious Hand Feel

### 3.2 Amino Silicones (For Padding)

Geo PRIME	Nonionic	New Generation Silicone Emulsion with Rich Surface and Inner Softness
Geo Soft	Nonionic	New Generation Silicone Emulsion with High Softness and Smoothness
Geo P 180	Nonionic	Micro Amino Silicone with Excellent Body Breaking
Geo P 1960	Nonionic	Micro Amino Silicone with Ultrasoft Effect
Geo P 3030	Nonionic	Micro Amino Silicone with Superior Inner Softness & Body Breaking
Geo P 1230	Nonionic	Cost Effective Micro Amino Silicone

**GREEN GLOBE  
GROUP**

**INDIA | U.S.A | VIETNAM | Germany |**

### 3.3 Hydrophilic & Shear Stable Silicones

Geo SS	Nonionic	Hydrophilic Chlorine Stable Silicone Emulsion
Geo 550	Nonionic	Premium Hydrophilic Softener with Excellent Surface Feel
Geo 235	Nonionic	Excellent Hydrophilic Softener with Superior Inner Softness & Surfaces Feel
Geo TSH	Nonionic	Cost Effective Hydrophilic Softener
Geo R-55	Nonionic	Shear stable Micro Amino Silicone Softener

## 4.0 Yarn Finishing

### 4.1 Hardner

PRODUCT	INONIC NATURE	DESCRIPTION
Geo Hardner	Nonionic	Yarn Hardner for Acrylic Yarn

GREEN GLOBE GROUP

**GREEN GLOBE  
GROUP**

INDIA | U.S.A | VIETNAM | Germany |

## 4.2 Softner

Geo Ultrasoft	Nonionic	APEO/NPEO FREE Amino Silicone Emulsion For Yarns
Geo Babysoft	Nonionic	Economical and APEO/NPEO Free Silicone Emulsion for Yarns
Geo CS 2026	Cationic	Cationic softner
Geo CS 2027	Cationic	Cost Effective cationic softner
Geo RT 300	Cationic	Cationic softner with silky smooth feel
Geo 716 Conc.	Cationic	Concentrated cationic softner
Geo Ultrasoft 1500 Yarns	Nonionic	Concentrated, APEO/NPEO Free Amino Silicone Emulsion for

## 4.3 Levelling

Geo ANI	Cationic	Levelling Agent for Acrylic fibbers And Yarns
Geo PAN	Cationic	Modern Levelling Cum Retarding Agent for Acrylic Fibre And Yarns

## 4.4 Defoaming Agents

Geo Defoam	Nonionic	Defoamer (silicone based)
Geo Defoam Conc.	Nonionic	High Concentration defoamer (silicone based)

GREEN GLOBE GROUP

**GREEN GLOBE  
GROUP**

**INDIA | U.S.A | VIETNAM | Germany |**

## 5.0 Antistatic Agents

Geo Lubestat LV 40		A Superb lubricant/antistatic agents for spinning operations of Polyester, acrylic, wool, nylon, viscose and blends.
Geo Lubestat LV 45		A Versatile antistatic agent for wool, synthetic and their blends.
Geo Lubestat RFA 54		Antistatic cum lubricating agents for synthetic & wool
Geo Lubestat TF		A Versatile antistatic agent for wool, cotton, synthetic, and their Blends
Geo Lubestate LV 120		Antistatic cum lubricating agent for synthetic & wool
Geo lubestat LV 500		A product to improve the strength of fibres (wool, cotton, synthetic & Blends), tops, and yarns.
Geo woolinol 88 M		A wool batching oil used in spinning & winding
PRODUCT	INONIC NATURE	DESCRIPTION
Geo lubestat LV 450		A versatile lubricant cum anti static agent for wool, synthetic and Their blends
Geo lubestat 2160		antistatic for spinning of synthetic.
